**VIGILANT'S HARD LUCK.**  
Had a Commanding Lead, but the Wind Failed and Britannia Crept Up.  
LOOKED A CERTAIN WINNER.  
One More Victory Credited to the Prince of Wales's Fine Yacht.  
IN IRISH WATERS THIS TIME.

Good, Strong Wind for Two-Thirds of the Race, Vigilant Showing the Way to Her Rival.

(By Associated Press.)  
BANGOR (Helfast Lough), July 16.—The big event of this, the first day's racing in the regatta of the Royal Ulster Yacht Club was the contest for the County Down Cup, open to yachts over 40 ft. and in it the American sloop Vigilant and the British cutter Britannia alone competed. The cutter Carina was entered, but was withdrawn, as she had no possible chance against the two black racers.

Vigilant, as already cabled, was considerably altered before leaving the Clyde on Saturday last. Her topmast, boom and spinnaker-boom were shortened from three to four and a half feet, and her sail area was, consequently, much reduced. As a result, according to estimate, Vigilant now only allows Britannia a little more than a minute, possibly seventy seconds.

The American yacht has also, to all appearances, been much lightened, as she showed up more hull than she has at any time since her arrival on this side of the Atlantic.

The wind, just previous to the start, was fresh and westerly and promised a good day's racing. Outside of the yachts, the headsails looked much better than they have previously done.

**Vigilant's Alterations.**  
The exact alterations made in Vigilant are as follows: Her topmast has been shortened by four feet and a half, her spinnaker-boom has been shortened four feet and has been cut down an inch in diameter. Finally, three feet have been cut off her bowsprit, she has new wire bowsails and her ballast has been lightened.

Both yachts, on the fetch to Carrickfergus, carried club-headed topsails, Vigilant keeping the weather gauge and apparently sailing much better in the altered trim. The two yachts kept pretty close together while heading for the Antrim shore. Britannia, however, weathered Vigilant before reaching the Carrickfergus mark on the first round.

**Over Half a Million Per Day.**  
**DURING THE FIVE DAYS OF LAST WEEK WHEN THE STRIKE WAS AT ITS HEIGHT, AND EARLY AND ACCURATE NEWS WAS THE GREAT DESIDERATUM.**

**THE WORLD'S CIRCULATION**  
**AVERAGED 567,116 PER DAY.**

**THE GREATEST DAILY CIRCULATION EVER OBTAINED BY A NEWSPAPER. THE CIRCULATION BY DAYS WAS AS FOLLOWS:**  
Monday, - - - 587,876  
Tuesday, - - - 543,318  
Wednesday, - - - 633,261  
Thursday, - - - 530,293  
Friday, - - - 540,832

with a lead of nearly a minute on the turn.  
**Vigilant's Good Lead.**  
The following were the times of the two yachts in passing mark-boat No. 4, the South Briggs, on the first round: H. M. S. Vigilant ..... 12 42 47 Britannia ..... 12 48 39

On the beat to Bangor, Vigilant was pointing higher in the wind than Britannia, and was sailing splendidly and gaining throughout.  
The two yachts finished the first round in the race in the following times: H. M. S. Vigilant ..... 1 02 24 Britannia ..... 1 03 55

It will thus be seen that Vigilant was 1m. 31s. ahead of Britannia on the first round, and that she had gained 32 seconds on the last leg of the first round. The Black Head mark-boat on the second round, was turned in the following times: H. M. S. Vigilant ..... 2 04 48 Britannia ..... 2 07 28

Vigilant gained considerably on this leg, and appeared to be forging steadily ahead. At the last mark-boat she was only forty-one seconds ahead, and turning this point she was 2m. 44s. ahead, a gain of 2m. 3s.  
The wind failed and Britannia slowly crept up and passed Vigilant. Britannia's headsails looked much better in the breeze, and passing Carrickfergus on the third round was leading by 2m. 18s. She maintained her lead to the end.

The yachts crossed the finish line as follows: H. M. S. Vigilant ..... 5 04 12 Britannia ..... 5 05 42  
Vigilant won by min. 33 sec., and, calculating her time allowance, at 1 min. 10 sec., which seems to be generally accepted as correct, the Prince of Wales's cutter won by 2 min. 42 sec.

**GOFF APPEARS FOR BRUSH.**  
He Moves for the Immediate Trial of the Alleged Forger.  
John W. Goff, the wily counsel to the Lexow Committee, appeared in Part I. of the Court of General Sessions, this afternoon and moved for the immediate trial or the dismissal of the indictment of forgery in the second degree against the defendant, Mr. Goff told Judge Cowling, had been absent months in the United States, and that the case had been on the calendar only once during that time, with forcing checks on the Manhattan Trust Company. The sum involved was \$3,000.

**RECEIVERS FOR A TRUST.**  
Arthur C. Palmer and Miles M. O'Brien Named for the Umbrella Company.

**COMPOSED OF 8 COMPANIES.**  
And the Capital Represented Said to Consist of Several Million Dollars.

**GILBERT M. SPEIR, JR., REFEREE.**  
All the Concerns Are Ordered to Show Cause Why the Trust Should Not Be Dissolved.

Judge Hildersleeve, of the Superior Court, to-day appointed Arthur C. Palmer and Miles M. O'Brien receivers of the Umbrella Company, which is composed of eight companies of umbrella manufacturers and said to represent a capital of several million dollars.

**MRS. KEEP ON WEBB'S TRAIL.**  
Proposes to Invoke the Law Against the Moslem Missionary.

Nafessa Mary T. Keep, who has held the fort against Mohammed Webb and the American Moslem Brotherhood at 30 East Twenty-third street, lifted the siege long enough to-day to pay a visit to the Turkish Consulate at 132 Broadway. She was accompanied by a delegation of reporters.

Mrs. Keep stated to Vice-Consul Ismail Bey that Mohammed Webb represented that he was especially commissioned by the Sultan of Turkey to preach the doctrines of Islam in this country, and by using the Sultan's name had secured contributions from believers in the Moslem faith in this country and in India.

The Vice-Consul replied in French that the Sultan of Turkey was not interested at all in establishing or maintaining a religious propaganda here, and that Webb had no authority to make the representations alleged.

Mrs. Keep has placed additional chains on her door. She was performing her morning "woozoo" to-day when an attempt was made to break into the house. Her only weapon is a poker, which she heats when she considers herself in danger of her life.

**UP WENT SUGAR AGAIN.**  
Talk of Favorable Legislation Caused the Boom.

The week opened with a tendency towards improvement in the Stock Exchange, and the bears were unable to make any impression upon prices.

The settlement of the strike and the reduced estimates of the losses sustained by the roads while the labor troubles were in progress had a good effect.

The features of the market, however, was the industrial group, advances from Washington having been received to the effect that the tariff conference had agreed to make a report which will be favorable to the Sugar Trust.

On this the bulls took hold of Sugar stock and whisked the price up 2 1/2 to 101 3/4.

The dealings were large and attended with considerable animation. A number of buying orders were executed by houses having private wires to Washington.

Lackawanna rose 1/4 to 164 3/4; Burlington & Quincy 7/8 to 77 3/8; Chicago & North Western 1/2 to 101 1/2; Lead preferred 1 1/2 to 84 1/2; Richmond Terminal preferred 1 1/2 to 17 1/2; United States Leather 1/4 to 17 1/2; Denver & Rio Grande preferred 1 1/2 to 21 1/2; Northern Pacific preferred 3/8 to 14 3/8; St. Paul 1/4 to 86; and Rock Island 1/4 to 68.

In the specialties Canadian Pacific jumped 1/2 to 68; Suburban Realty preferred 1/2 to 2 1/2 to 21 on a reiteration of the reports recently current that the tax on distilled spirits and the bonded period will be both cut down from the figures formally agreed upon. It is also said that the Tax is meeting with greater opposition.

Chicago Gas ran off to 75 3/4 and Sugar to 101. Money continued in superabundant supply at 1 per cent. on call and at 2 1/2 on time. There is little demand for commercial or speculative purposes. This was shown by Saturday's bank statement, the loans having been further contracted last week.

**CAPT. DOHERTY THE FIRST.**  
He and Special Men Levy, Hoch and Meehan Charged with Blackmailing.

**POLICE BOARD TO TRY THEM.**  
Mrs. Thurow's Testimony Before the Lexow Committee Used as Evidence.

**FOUR CHARGES AGAINST EACH.**  
Neglect of Duty, Conduct Unbecoming Policemen and Injurious to the City Also Alleged.

Capt. Michael Doherty, of the Fifth Precinct, has been selected as the first member of the Police Department who was accused of blackmail by witnesses before the Lexow investigating committee, to be placed on trial before the Police Commissioners.

Charges against him and his three former special duty men—Jeremiah Levy, John Hoch and Bernard Meehan—were formulated this forenoon to President Martin and approved. The time fixed for the trial is Thursday next at 10 A. M.

All four of the accused policemen will be arraigned together, but the case of Capt. Doherty will take precedence and will be first prosecuted.

There are four distinct charges against each of the quartet, the first of which is termed by President Martin as "legal charges for having violated not only the rules of the Department but the criminal laws in having extorted money from a citizen."

The second charge is for "neglect of duty" in failing to suppress a wholly unauthorized and for "conduct injurious to the public peace and welfare," and the fourth for "conduct unbecoming a police officer."

The evidence against Capt. Doherty is the testimony of Mrs. Augusta Thurow, as adduced by the Lexow investigators. She accused him of accepting money extorted by his three special duty men named while in command of the Fourteenth Precinct.

**LAYING A NEW CABLE.**  
Steamship Britannia Takes the First Section Out.

(By Associated Press.)  
HEARTS CONTENT, N. F., July 16.—The work of laying the new Anglo cable, which is the largest ever made, having the heaviest weight of copper conductor per mile of any cable in the world, was begun by the landing of the American shore end here yesterday.

The steamers Scotia and Britannia, the latter with the section to be laid first and the former with the deeper section, left about 2 o'clock, local time, with fair weather and good prospects.

From the Britannia the following message was received: "LAT. 49.8, LONG. 61.2, ON BOARD THE BRITANNIA, July 16.—Weather fine, clear and calm; have passed a great many large icebergs in the night and this morning, several being right on the cable course; twelve now in sight."

**M'CLAVE'S RESIGNATION.**  
May Be Announced with Gen. Kerwin's Appointment to-Morrow.

The latest rumor about Police Commissioner M'Clave's resignation is that it is in the hands of Mayor Gilroy. The reason why the Mayor is holding it back, it is said, is that he will announce the retirement of M'Clave and the appointment of his successor at the same time.

Mayor Gilroy would not confirm the rumor. He said he had not heard from Mr. M'Clave and did not know of his resignation.

Street was added to the report by the fact that Gen. Michael Kerwin, Boss Platt's candidate for M'Clave's place, is a long-time friend of Mayor Gilroy's.

An impression prevails among the City Hall officials that the resignation of M'Clave and Gen. Kerwin's appointment will be made public to-morrow.

**WEATHER BAD, GROUNDS WET.**  
Remarkable Amount of Interest Shown in the Struggle Between the Athletes.

(By Associated Press.)  
QUEEN'S CLUB GROUNDS, London, July 16.—The weather to-day was anything but promising for a satisfactory athletic contest between the university teams of Old England and New England.

A cold, gusty wind was blowing all the morning. It was raining at intervals and the grounds looked sodden and likely to prevent fast time being made or records being broken.

The main pavilion looked gloomy and unhappy, as streams of rain water marred its dark blue decoration and drenched the American and English flags which graced the structure.

Consequently all those interested in athletic sports felt decidedly blue this morning, and hopes were expressed that the contest might be postponed until the grounds were in more favorable condition. But no amount of bad weather could dampen the enthusiasm of the people, and it was expected that long before the hour fixed upon for the first event the vast majority of the fifty thousand people expected to witness the struggle for athletic supremacy between Yale and Oxford would crowd into the grounds.

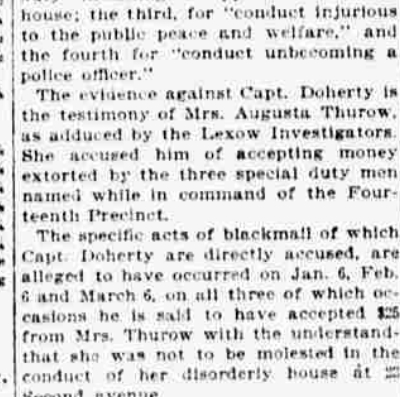

**Champion Against Champion.**  
It is probable that no event in the history of English athletics of recent years has attracted half the interest which centered to-day in the events to be decided on the grounds of the Queen's Club, held on the grounds of the Queen's Club, which was to meet the champion University team of England was to meet the champion University team of America, and this was sufficient to cause the wildest enthusiasm among all admirers of athletic sports and among sportsmen generally throughout the British Isles.

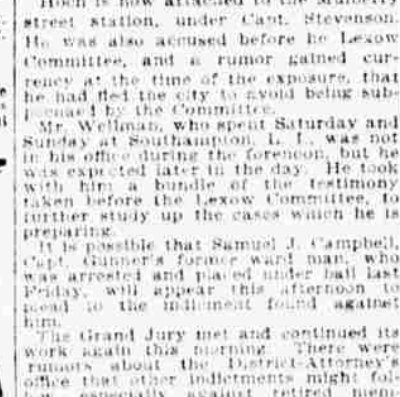

CAPT. MICHAEL DOHERTY. Charges against him and his three former special duty men—Jeremiah Levy, John Hoch and Bernard Meehan—were formulated this forenoon to President Martin and approved.

CAPT. W. O. HICKOK—WEIGHT THROWER. The main pavilion looked gloomy and unhappy, as streams of rain water marred its dark blue decoration and drenched the American and English flags which graced the structure.

Up at the Polo Grounds to-day the Giants are again practicing, and they move around livelier than crickets. The uncommonly fine record the New Yorks have made since their departure from Hartford June 21 of fourteen victories in eighteen games played, including the game in Brooklyn June 23, has made a heap of difference in the gait the Giants strike nowadays.

From seventh to third place in a trip with games on foreign grounds is a capital business scheme by the Giants, who concluded on their Western trip just completed.

Here is the percentage record to-day: Club W. L. P. C. Club W. L. P. C. Baltimore .49 21 .672 Cleveland .50 25 .479 Boston .48 23 .682 Cincinnati .51 25 .479 New York .49 27 .578 St. Louis .50 29 .429 Philadelphia .50 28 .646 Chicago .51 31 .373 Pittsburgh .52 28 .646 Louisville .51 31 .429 Brooklyn .53 29 .646 Washington .51 31 .379

**GERMAN STEAMER STRANDED.**  
The Edward Bohlen Ashore at the Mouth of Congo River.

(By Associated Press.)  
LONDON, July 16.—The German steamer Edward Bohlen has been stranded for several days at the mouth of the Congo River, on the west coast of Africa. Her engines have become disabled since she went aground.

The distressed ship, carrying 100 passengers and a large amount of cargo, is in a perilous position. The German government has ordered a tugboat to attempt to tow her off.

**DRILL STOPPED BY RAIN.**  
Disagreeable Weather for the Soldiers at State Camp.

STATE CAMP, PIERCEVILLE, N. Y., July 16.—The day opened cool and cloudy for the thirty-fifth Regiment to begin its week's work at the State Camp. The guard mount was poor and the early morning drill was fairly executed. The forenoon drill was stopped by a shower which broke over the camp.

The Officer of the Day is Capt. Thompson, of the Fourteenth Separate Company.

**Nominations to Be Confirmed.**  
WASHINGTON, July 16.—The Senate Committee on the Judiciary to-day decided on a favorable recommendation in the cases of Fletcher C. Peck for United States Marshal of the Northern District of New York and Wallace MacFarlane for Attorney for the Southern District.

The nomination of J. L. Bennett to be Attorney of the Eastern District of New York and of W. L. Marbury to be Attorney for the District of Maryland, were considered, but action was postponed.

**WHEAT LOST THE GAIN.**  
Cereals Inclined to Be Unsteady, and Cotton Dull.

The wheat market this morning opened at 5 1/2 to 5 3/4 cents in advance, with September 67 1/2 cents here and 58 1/2 cents at Chicago. The advance was quickly lost, prices breaking to 60 1/2 cents and 58 cents respectively. Corn opened 1 1/2 to 1 3/4 of a cent higher. September sold here at 47 1/2 cents and Chicago at 47 cents. Later the market fell off a trifle. Oats were dull and soon lost the early advance.

The cotton market was fairly steady. It was dull at 5 1/2 to 6 1/2 all morning. Coffee was dull and unchanged.

If you propose to make drinking your whole business, it is wonderful how short and useless you can make your life. Write Marbury, 26 West 43d St.
